The group continued assessing properties in Rockingham County focusing on parcels at the west end of the county. Tracie navigated the larger parcels while Mark later navigated to pick up the remaining tiny parcels in Rockingham County.

Rockingham County is complete. The subcommittee will move on to Grafton County next.

Note: Prior to this meeting Tracie noticed that Sullivan County parcels reviewed by RMAC members and approved by the full RMAC on August 10, 2023 had not get been converted to full Committee recommendations. Mark corrected the RMAC recommendation field and it displayed correctly for this meeting.
